### Poster Awards

*Winners to be announced*

- **Gattefosse Canada/CSPS Research Award**
- **Antoine A. Noujaim Award of Excellence**
- **Biovail Contract Research Award of Excellence**
- **Cedarlane Award of Excellence**

### Merck Company Foundation Undergraduate Summer Student Award Recipients and Poster

**Competition**, National Directors: Dr. Kishor M. Wasan, Faculty of Pharmaceutical Sciences, University of British Columbia and Dr. Dale Meisner, Merck-Frosst Canada Ltd.

These awards were established with the aim of encouraging pharmacy students to go into research. Funding in the form of research fellowships gives students an opportunity to work over the summer in research laboratories in all AFPC accredited Pharmacy Schools across Canada. The criteria of selection was based on academic excellence (i.e. grades), letters of reference and evidence of service to the faculty. Selection of the winners was determined by March 1<sup>st</sup> and all the winners and supervisors' names and a summary of their research project were sent to Merck Company Foundation.

Name of Recipient	Supervisor(s)	Title of Project	University/ Administrator
Mr. Framin Mark 2 <sup>nd</sup> Year Pharmacy	Dr. Urs Hafeli	Toxicity Measurement of Magnetic Nanoparticles	University of British Columbia
Mr. Jeremy Reid 2 <sup>nd</sup> Year Pharmacy	Dr. Husam Younes	Mechanistic release study of water soluble drugs from hydrophobic/ amphiphilic elastomeric matrices	Memorial University
Aneri Gupta 2 <sup>nd</sup> Year Pharmacy	Dr. Mike Namaka	The Role of Superantigen-Producing Staphylococcus aureus in the Etiology of Multiple Sclerosis	University of Manitoba
Ms. Jany Zhang 2 <sup>nd</sup> Year Pharmacy	Dr. Mavanur R.Suresh	Dendritic Cell Targeting of MUC-1 Breast Cancer Peptide Expressed on Bacterial Surface	University of Alberta
Mrs. Taryn Reid 3 <sup>rd</sup> Year Pharmacy	Dr. David Jakeman	Growth, Extraction and Isolation of Novel Jadomycins	Dalhousie University
Ms. Jaklin Iskander 3 <sup>rd</sup> Year Pharmacy	Dr. Heather Boon	Natural Health Products: Is there evidence for safety and efficacy?	University of Toronto
Mr. Jason Jobse 2 <sup>nd</sup> Year Pharmacy	Dr. Jane Alcorn	The effect of the flaxseed lignan, secoisolaricresinol diglucoside, on triglyceride levels in a hypertriglyceridemic rat model.	University of Saskatchewan
Miss Marilou Grenier 2 <sup>nd</sup> Year Pharmacy	Dr Roxane Pouliot	Effet de l'acide rétinoïque sur l'hyperprolifération et la différenciation cellulaire des kératinocytes psoriasiques	Laval University
