

## **Edmonton Journal, Sept 8 2021, Letters**

### **Non-vaxxed missing the point**

Some letter writers, parroting shamefully misleading suggestions by our premier, seem to think that vaccine passports, mandates, et cetera amount to strapping people down and sticking needles into them. Nobody is suggesting that anyone be forced to be vaccinated.

Only that those who choose not to be enjoy their freedom amongst others of their persuasion, not with me and the other vaccinated folks.

*Doug Wiens, Edmonton*
