

Mining Optimization Laboratory (MOL) Annual Technical Seminar

Attend in Person or as a Remote Audience by Web Conferencing

Dear Mining Colleagues,

You are cordially invited to attend 2018 Mining Optimization Laboratory (MOL) annual technical seminar to be held on September 19th, 2018 at the University of Alberta, Edmonton, Alberta, Canada. Also, you can attend as a remote audience using web conferencing.

We are sure participation in the annual meeting will demonstrate the value generated to our sponsors through research and will give you a flavor of the quality of practical optimization prototype software and simulation tools developed and tested in practice by this research group.

The Mining Optimization Laboratory (MOL) is an industrial research consortium sponsored by mining companies. The MOL research focuses on two major research themes:

- Mine Planning and Tailings Management
• Simulation of Mining and Processing Systems

Location

Edmonton, Alberta, Canada / or Online
University of Alberta, Edmonton, Alberta, Canada.

Date

Wednesday, September 19th, 2018

Registration Deadline

Monday, September 10th, 2018

Registration Fee

Early Bird Registration – Deadline August 20th

- CDN \$200 / delegate in person
• CDN \$400 / delegate online

Registration after August 20th, 2018

- CDN \$400 / delegate in person
• CDN \$700 / delegate online

Schedule

Four main presentation sessions session are scheduled:

- 08:00 – Breakfast
• 08:30 – Underground Mining - Production Scheduling Optimization – Block Cave case studies
• 10:00 – Coffee Break
• 10:30 – Simulation of Mining and Processing Systems
• 12:00 – Lunch
• 13:30 – Surface Mine Planning Optimization and Tailings Management
• 15:00 – Coffee Break
• 15:30 – New Research Areas
• 17:00 – Reception – Faculty Club
