## Invoice #UK-2412132

Dear Dr Douglas Wiens,

Your article "A Note on the Linguistic and Statistical Equivalence of MSF and DWB" is in the final stages of publication. A financial formality is yet to be completed. We are attaching the invoice for the article processing fee. Kindly pay the applicable fees at the earliest to upgrade the article for the next stage.

The article processing charges are 1872 USD for this journal issue. This covers all peer review expenditures of 175 USD x 2, copyright transfer process expense, worldwide indexing and abstracting expenses, manuscript typesetting cost, service charges, government service taxes, lifetime web hosting, cloud storage, archival expenses, CrossRef DOI, international shipping and miscellaneous handling and publication broadcasting fees.

Kindly note that since your country comes under Research Promotion Zone by Royal Journal Press Private Limited and your invitation status, you are eligible for a waiver in publishing. Our accrediting society (Open Association of Research Society, United States) will sponsor the rest under this year's grant. Hence, you are requested to pay the attached invoice amount only. No other charges are payable.

If you pay before the due date 14/10/2024, the final fee after the waiver would

be \$1,126.00. Also, this will include a color-printed hardbound journal to your doorstep/university, its taxes, international surface shipping, and export customs duties till DAP incoterm.

We accept PayPal (Visa, Mastercard, American Express, AMEX, Maestro, Diners Club, and Discover credit and debit cards), International Bank Wire Transfer to our USA/UK/India/Canada/Australia Bank Accounts, TT, NEFT, RTGS, Foreign Demand Draft, Bank Cheque, Stripe, RazorPay, Bitcoin, Internet Banking (Corporate and Personal), card EMI, cardless EMI, Wallets, Pay Later, RazorPay-PayPal, Western Union, MoneyGram, UPI, 2Checkout etc. Please email us if you need more details about any of the above payment methods. Our payment gateway methods are very safe as they all are PCI-DSS certified.

Although we recommend paying directly via PayPal to the USA, if your university supports only wire transfers, we are also attaching an auto-generated invoice number UK-2412132 with this email which has the preferred bank account number for your country.

The following "Pay Now" link will show you only the internet based only, most popular and operational methods available for your country.
