How can we talk energy without talking Enron? Enron dives from the seventh largest US company to bankruptcy in less than a year in this tale told chronologically. The emphasis is on human drama, from suicide to 20,000 people sacked: the personalities of Ken Lay, Jeff Skilling, Lou Pai, and Andy Fastow dominate.

Come watch how Enron maneuvered in California's deregulated electricity market, and examine parallels to Alberta (if any). A brief discussion will follow the movie.
