

When I am alone and afraid at night  
I remember the times with you in the light  
The softly scented gentle breeze  
Emanating from you made me freeze  
And oft though now we are far apart  
Still I remember you in my heart  
Yet here I lay away from you  
Wondering what made things so untrue  
I can't believe I was so wrong  
That we'll never intertwine in life's song  
That so sour would be your character  
And we'd be split by this barrier  
So now I don't know what to do  
Or just which path to walk through  
Laying here dreaming and hoping  
But knowing the truth so slowly coping  
There are many other pursuits for my life  
When I've done everything I can to fix this strife  
And though a door to my heart is always for you  
I know you'll never walk again through
