

The University of Alberta Department of Physics Presents:

HANDS-ON PHYSICS

For Students Finishing
Grades 8 - 11

August 8 - 11
2017

In this four-day workshop, students will perform a variety of experiments and interact with U of A researchers through presentations and laboratory tours. This workshop will centre on exploring physics with the Raspberry Pi* -- a low cost credit card sized computer each participant will keep -- to capture and analyze experimental data.

August 8 - 11, 2017, 9am to 4pm

Centennial Centre for
Interdisciplinary Science (CCIS),
University of Alberta

\$200 Fee Including Raspberry Pi

To Apply

Email hop@ualberta.ca with:

- Your Name and Grade
- Your Contact Information
- A Paragraph Describing:
 - Interests in Science
 - Accomplishments

Applications submitted by June 5 will receive full consideration.
