

NO. 54

DOUGLAS TRANSPORT

DIRECTIONS FOR MAKING MODEL

1. Cut out parts on print stock.
2. Use templates nos. 3 and 4 to lay-out body block (Before carving, add lifts to body block where called for.)
3. Pants and motor nacelle are built up from layers of print stock.
4. Check layout carefully with full-size drawing.
5. Smooth parts with sandpaper.
6. Assemble model with cement.
7. Attach propeller and wheels.
8. Paint.
