Total	100%	100%	100%	100%	100%	100%	100%

@ "All cities" includes Grande Prairie, along with Vancouver, Toronto and other non-Alberta cities. City differences for all three questions were not statistically significant.

# Less than 1% of the total sample failed to answer the question comparing their financial situation to a year earlier. These cases are omitted. However, 10% answered 'don't know' to the second question, hence these cases are included in the analysis.
