Postdoctoral position at the University of Alberta

The particle theory group at the University of Alberta announces an opening of a postdoctoral position in theoretical particle physics. The position is for up to three years starting in the fall 2015. Applicants with PhD in Physics are expected to have a strong background in quantum field theory, particle phenomenology and perturbative calculation. A high level of programming experience is also required. Applications must include a CV, a list of publications, a statement of research interests and the names of three senior scientists who will provide letters of reference. All application material should be submitted electronically to penin@ualberta.ca. The application deadline is December 20th, 2014. Further information can be found at http://www.ualberta.ca/~penin/
